GENERAL RULES
University Studies DANCE Concentration
CATALOG 136

I. PROGRESS TOWARDS DEGREE

Students must show progress towards their degree by completing a combined total of 24 credit hours on their degree plan during the fall and spring semesters. At the end of the spring semester, students who did not complete 24 credit hours on their degree plan will be placed on probation. They must complete at least 12 hours on their degree plan plus make up any additional hours not completed the year before during the next fall semester. Failure to do so will result in dismissal from the department.

II. MINORS

The University Studies degree requires that students pursue two minors. Students can pick from any of the University approved Minors, however, only one of these Minors can be offered from the College of Education & Human Development. Please review the below link for the list of approved Minors offered by Texas A&M University:

http://registrar.tamu.edu/Registrar/media/REGI_SpecPDFDocs/UniversityApprovedMinors.pdf

Please note that none of the courses required by the concentration can be used to meet the requirements of the minors. However, a course used in the concentration or minor also may be used to satisfy core curriculum requirements. When a course is used to meet multiple graduation requirements the credit hours are only counted once. When courses satisfy more than one requirement, the number of elective hours will increase to maintain the 120 hour graduation requirement.
