

Texas A&M University
Department of Health and Kinesiology
Division of Health Education
Assistant Professor of Health Education

Position: The Division of Health Education within the Department of Health & Kinesiology and College of Education and Human Development at Texas A&M University is accepting applications for a full-time, tenure-track faculty position at the Assistant Professor level. The Division consists of three programs: Community, School and Allied Health. The Division offers BS, MS and PhD degrees.

We are seeking candidates who are well versed in health-related and translational research with interdisciplinary research experience. Candidates will be emerging scholars capable of advancing a solid research agenda to progress the Division's strong and expanding research portfolio. The candidate will become an integral part of the Division of Health Education's faculty, with expectations to engage in research efforts and interdisciplinary collaborations, aggressively seek funding opportunities, provide research mentorship for graduate students, teach graduate and undergraduate courses and facilitate undergraduate research activities.

Qualifications: Candidates for this position will hold a doctoral degree relevant to the research and teaching mission of the Health Education Division, have a strong record of research – which includes a potential to secure external funding and demonstrated success publishing in top-tier peer-review journals – as well as a commitment to dynamic graduate and undergraduate teaching. Preferred areas of scholarship include, but are not limited to, content areas and/or innovative approaches/methodologies which complement current faculty's research foci, such as health inequities, sexual health, substance use/abuse, chronic disease prevention, complex dynamic systems and big data. CHES or MCHES designation is preferred.

Appointment: Nine-month tenure-track position with a start date of August 2018. Salary, benefits and compensation packages are competitive and commensurate with experience and qualifications.

Location: Texas A&M is located in the twin cities of Bryan and College Station, with a population of nearly 255,000, and is conveniently located in a triangle formed by Dallas, Houston, and Austin. The area boasts a low cost of living, a sun-belt environment, and is consistently ranked among the best places to live in the country. Texas A&M is the largest university in Texas with more than 58,000 students on the College Station campus. Ranked #2 nationally on the list of Best Schools of 2017 by schools.com, 17th in the nation for research expenditures by *National Science Foundation*, and 27th among all public universities in the nation. TAMU is also a member of the prestigious *Association of American Universities*, one of only 63 research institutions with this distinction.

Application Process: To apply, please send the following: (1) letter of application, (2) current, comprehensive vitae and (3) names, addresses (including email) and telephone numbers of three references. Application materials and questions about this position should be submitted directly to the committee chair:

Dr. Kelly Wilson
Search Committee Chair
