Texas A&M University
Department of Health & Kinesiology

Assistant Professor of Sport Management

The Division of Sport Management in the Department of Health & Kinesiology at Texas A&M University, seeks applicants for a newly created Tenure-Track position at the Assistant Professor rank. Preference will be given to applicants with acumen in Sport Marketing and Sport Sales but full consideration will be given to all qualified applicants. Applicants must have an earned doctorate in Sport Management or an appropriate, and closely-related discipline, and have at least 1-3 years’ experience in the professoriate. Applicants must have an established research agenda demonstrated through publications in medium to high impact journals; the ability to develop an independent externally funded research program; a record of outstanding teaching at both the undergraduate and graduate levels; and demonstrated expertise in statistical and research methods necessary for effectively mentoring master’s and doctoral students. Experience teaching distance education courses is also preferred. Further, we are seeking an individual who pursues academic excellence through diversity at all levels and is committed to fostering an environment in which faculty, staff, and students from a variety of backgrounds, cultures, and personal experiences are welcomed and can thrive.

Appointment: This is a nine-month tenure-track position with a start date of August 15, 2015. Salary will be commensurate with qualifications and experience.

Location: Texas A&M is located in the twin cities of Bryan and College Station, with a population of more than 225,000, and is conveniently located in a triangle formed by Dallas, Houston, and Austin. The area boasts a low cost of living, a sun-belt environment, and is consistently ranked among the best places to live in the country. Texas A&M has one of the 6th largest student bodies in the nation with more than 58,000 graduate and undergraduate students enrolled. Ranked among the nation's top 25 public universities and top 10 public engineering schools by U.S. News & World Report, Texas A&M is the largest research university in the Southwest with more than $820 million in research expenditures. The university also holds membership in the prestigious Association of American Universities, one of only 62 institutions with this distinction.

Application Process: Candidates should send the following via email: (1) a letter of application highlighting the applicant’s qualifications for the position; (2) a comprehensive Curriculum Vitae; and, (3) the name, address and e-mail address of three external references. Application materials and questions should be submitted to:

Dr. Gregg Bennett
