

Texas A&M University
Department of Health and Kinesiology
Division of Kinesiology
Assistant Professor of Kinesiology
Motor Neuroscience

Position: The Division of Kinesiology within the Department of Health & Kinesiology and College of Education and Human Development at Texas A&M University is accepting applications for a full-time, tenure-track faculty position at the Assistant Professor level. We are seeking candidates who are well versed in cognitive or motor neuroscience capable of conducting independent basic or translational research. Candidates will be emerging scholars capable of advancing a solid research agenda to progress the Division's strong and expanding research portfolio. The candidate will become an integral part of the Division of Kinesiology's faculty, with expectations to engage in research efforts including interdisciplinary collaborations, aggressively seek funding opportunities, provide research mentorship for graduate and undergraduate students, as well as teach graduate/undergraduate courses. Candidates will hold a doctoral degree in Kinesiology or related academic discipline relevant to cognitive or motor neuroscience, have a strong record of research with demonstrated success publishing in high impact peer-review journals and potential to secure external funding. Post-doctoral experience highly encouraged. Preferred areas of scholarship include, but are not limited to, behavioral work which complements current faculty's research foci while incorporating innovative methodologies in neuroscience including but not limited to neural imaging (fMRI, fNIRS) and non-invasive brain stimulation (TMS, tDCS) tools that are currently available on the TAMU campus.

Application Process: To apply, please send the following: (1) letter of application, (2) current, comprehensive vitae and (3) names, addresses and emails of at least three references. Application materials and questions should be submitted directly to the committee chair:

Dr. David L. Wright
Search Committee Chair
davidwright@tamu.edu

Review: Review of candidates will begin October 12th, 2017 and continue until the position is filled.
