## Electives

Students will select electives for this degree with approval from their advisor.      9-12

## Total = Minimum 70 credit hours beyond Master's

### *\*Required Courses*

### **Research Experience Requirement**

Prior to scheduling the dissertation proposal meeting, each student will: (a) have presented, as sole or first author, at least one presentation at a state, regional, or national conference; and (b) will be an author on at least one research paper submitted to a peer-reviewed national or international journal. In addition, dissertations will not be signed by the department head until the student has submitted as first author a manuscript (or manuscripts) of the study to a national or international refereed journal (or journals).

### **Minimum Hour Requirement**

The PhD requires a minimum of 67 hours beyond a master's or 96 hours beyond the baccalaureate degree. Depending on the preparation and experience, doctoral students may be required to complete undergraduate or graduate leveling work in addition to the minimum PhD requirements.

### **Minimum Prerequisites or Competencies**

Please refer to the Texas A&M University Undergraduate Catalog for the content of the courses listed below. Competency in the content of the course is required rather than the specific course. The Office of Graduate Studies in the Department of Health and Kinesiology in consultation with the graduate committee chair or temporary advisor will be happy to review transcripts of potential graduate students.
